The clutch on my A/C pump is not engaging. I have checked the fuses and switched the relays to ensure they are not the issue. It was working fine when I parked it one day, blowing cold air and engaging and disengaging just like it is supposed to. I took in my car to the dealership for some work and one of the problems was that the car needs new spark plugs. They wanted to charge me like one hundred dollars to replace the spark plugs which I thought was ridiculous.
