

Download Advances In Laboratory Testing And Modelling Of Soils And Shalesatmss

The Workshop has been organized under the auspices of the Technical Committees TC-101 “Laboratory Testing”, TC-106 “Unsaturated Soils” and TC-308 “Energy Geotechnics” of the International Society of Soil Mechanics and Geotechnical Engineering. Compiles the papers presented at the International Workshop “Advances in Laboratory Testing and Modelling of Soils and Shales” held in the Swiss Alps in January 18-20, 2017. Gathers all the major recent contributions in the advanced characterization of soils and shales, in the development of In this spirit, the ATMSS International Workshop “Advances in Laboratory Testing & Modelling of Soils and Shales” (Villars-sur-Ollon, Switzerland; 18-20 January 2017) has been organized to promote the exchange of ideas, experience and state of the art among major experts active in the field of experimental testing and modelling of soils and ... The Workshop has been organized under the auspices of the Technical Committees TC-101 “Laboratory Testing”, TC-106 “Unsaturated Soils” and TC-308 “Energy Geotechnics” of the International Society of Soil Mechanics and Geotechnical Engineering.
