

Download Barbie The Diamond Castle A Story Of Friendship

This is a good Barbie movie, unlike so many of the worldly glam movies they've made recently. It has a positive message for young girls about friendship. Barbie and the Diamond Castle is a 2008 direct-to-video computer-animated friendship musical film and the 13th entry in the Barbie film series. The film features the voice of Kelly Sheridan as Barbie. Considering that this is just one of the Barbie movies, they put a lot of effort into this soundtrack. I was pretty impressed by the songwriting and the artistry, especially the singing in harmony. In this direct-to-DVD movie of 2008, Barbie and Teresa tell Stacie the story of two best friends, Liana and Alexa. Although the two girls do not have much, they have each other and a love of music.
