Chemfax Acid Base Titration Lab Answers Chemfax Acid Base Titration Lab Answers.pdf DOWNLOAD HERE 1 / 2. ... Determination of the Molar Mass and K_a of an Unknown weak Acid. Acid–base titrations can be used to measure the concentration of an acid or base in solution, to calculate the formula (molar) mass of an unknown acid or base, and to determine the equilibrium constant of a weak acid (K_a) or of a weak base (K_b). Prelab: Acid – Base Titrations - Orange Coast College prelab: acid – base titrations goals: 1) to learn the popular technique of titration.
