

Download Construction Technology Analysis And Choice Pdf

Social construction of technology (also referred to as SCOT) is a theory within the field of Science and Technology Studies. Advocates of SCOT—that is, social constructivists—argue that technology does not determine human action, but that rather, human action shapes technology. Get the latest news and analysis in the stock market today, including national and world stock market news, business news, financial news and more. Social constructionism is a theory of knowledge in sociology and communication theory that examines the development of jointly constructed understandings of the world that form the basis for shared assumptions about reality.
