Critical Design is becoming an increasingly influential discipline, affecting policy and practice in a range of fields. Matt Malpass's book is the first to introduce critical design as a field, providing a history of the discipline, outlining its key influences, theories and approaches, and explaining how critical design can work in practice ...There are two things the book does exceptionally well. First, it provides an extraordinarily thorough and very entertaining history of how play has been used throughout history to critique, subvert, explore alternatives to dominant paradigms, etc.
