This second edition expands the original single book into a series of four, and we've added over 10,000 new words to this volume alone. In this volume, we profile an RPG titan—Wizards of the Coast— and cover the rise of storytelling RPG settings like White Wolf's World of Darkness. Regardless of your gaming background, Shannon Appelcline's meticulously researched history won't disappoint.Designers & Dragons: The '70s chronicles the history of role playing game companies whose genesis was in the hallowed decade of the 1970s. Reading about role playing games isn't as exciting as playing them but I still found this to be an interesting look into the history of the hobby. While I knew
