Start by drawing a simple dino shape on the cut open cereal box with your marker. If you are sneaking in a color mixing lesson like I am put 2 colors of paint on a plate and let your child discover the magic of blending the two colors. The Shine-2 is a versatile Windows 8.1 tablet offering laptop capabilities with the option of a snap-on keyboard. When you put Shine-2 Tablets in students' hands, you've begun a process that will forever change their lives and their teachers' lives as well. Downtown Deco District and Surrounding Neighborhoods "Go fly a kite" is not necessarily an insult here on the coast. Kites are fun for all ages, and the family-owned Kite Company on Hwy 101 in Newport is the best place to find them.
