Doctor Who: Ghost Stories » Doctor Who: Ghost Stories #1 released by Titan Comics on December 2016. Thus far, Doctor Who: Ghost Stories seems unlikely to satisfy those fans who hoped to see more of The Ghost and Lucy Fletcher following The Return Of Doctor Mysterio. It isn't a bad book but the tone of the story thus far doesn't seem to match the episode it is based on. The artwork is competently executed but hardly exciting. At 99 cents a chapter, it's hardly a bank-breaking investment but there's little to recommend this series to any but the most devout of Whovians.
