Success in today's globalized business environment requires deep knowledge of varied areas, and the willingness to engage in commerce not just across geographic areas. It had been a long time since I have done business in Latin America, specifically South America. So, I anxiously ordered this book and read it cover to cover. In a new report from BI Intelligence, we size Latin America's biggest e-commerce markets — Brazil, Mexico, and Argentina — and project how online retail sales will rise in these countries. We ... The Doing Business project provides objective measures of business regulations and their enforcement across 189 economies and selected cities at the subnational and regional level.
