

# Download Fifty Year Flood Inundation Maps For Santa Rosa De Aguan

After the devastating floods caused by Hurricane Mitch in 1998, maps of the areas and depths of the 50-year-flood inundation at 15 municipalities in Honduras were prepared as a tool for agencies involved in reconstruction and planning. Flood-inundation maps, including areas of wave-action hazard and a color-shaded elevation map, were created from the available data and the estimated 50-year storm tide.<sup>2</sup> Fifty-Year Flood-Inundation Maps for Santa Rosa de Aguán, Honduras The original intent of the study was to delineate the area that would be inundated by the 50-year-flood
