File type: PDF . november 12th, 2018 - phet lab answer keys phet lab answer concentration and molarity ohet chemistry lab answer keys read download concentration Projectile Motion Name: Ans. Key Virtual Lab...Skills Practice Lab Finding an Epicenter An earthquake releases energy that travels through Earth in all directions. This energy is in the form of waves. Two kinds of seismic waves are P waves and S waves. P waves travel faster than S waves and are the first to be recorded at a seismograph station. The S waves arrive after the P waves. The time difference between the arrival of the P waves ...5. As the distance to the epicenter increases, how does the amount of time between the S wave and the P wave change? 6. After drawing the first circle for Balboa Heights, where is the earthquake epicenter located relative to thisFind the Epicenter Location Map on page 6. To locate the epicenter on the map, for each city construct a circle whose radius is equal to the distance from the city to the epicenter. b. Use the scale of distance of your map to set the drawing compass at the correct radius. 2. Mark and label the epicenter on the map where all three circles intersect.
