

# Download Garden Getaway Essentials Pack

From Coachella to Outside Lands, make sure you pack these festival essentials. There's no better time than an early summer evening to ditch the sofa in favor of an outdoor movie night. To recreate a bit of that drive-in-theater magic on your lawn, start with some portable projectors, spread out cozy blankets, and layer on low chairs, pillows, and throws made for lounging. The Garden of St Erth is a secluded getaway not far from Daylesford and Ballarat. Each season has something to offer the visitor, including carpets of daffodils in spring, long flowering flower borders in summer and magnificent autumn garden colour. Email a copy of your travel documents (passport, visa, insurance cards) to yourself before travelling
