Using Technology in the Classroom Archive Technology has always been a major focus on EducationWorld.com. This archive compiles many of the features we have done on the subject of using technology in the classroom. ISTE Standards for STUDENTS. Today's students must be prepared to thrive in a constantly evolving technological landscape. The ISTE Standards for Students are designed to empower student voice and ensure that learning is a student-driven process. In the spirit of the new year and all things dealing with resolutions and lists, I submit below my first blog posting for the EduTech blog (checking off a resolution) with a discussion of 10 Global Trends in ICT and Education for 2010 and beyond (joining the crowded space of lists in this new year). Our Mission . Global SchoolNet combines education and technology to strengthen communities and benefit humanity. We support brain-friendly learning and improve academic performance through content-driven collaboration.
