

Download Manual Portugues Gps Vehicle Tracker

Who We Are : Our Mission: At iTRAK Corporation, we design, develop, implement, and support technologically sound yet simple fleet management system for commercial fleet management in a broad range of industries using a flexible and diverse line of real time GPS tracker systems. Concox GT06N Multifunctional Vehicle GPS Tracker combines various kinds of functions together, from real-time tracking, voice monitoring to multiple alarming and ACC detection. It is suitable for cars as well as trucks. A GPS tracking unit is a device that uses the Global Positioning System to determine the precise location of a vehicle, person, or other asset to which it is attached and to record the position of the asset at regular intervals. wikiHow is a wiki similar to Wikipedia, which means that many of our articles are written collaboratively. To create this article, 16 people, some anonymous, worked to edit and improve it over time.
