Instruction Manuals. The links below provide a fast way to find Medela product instruction manuals. We will work diligently to keep these booklets on our site up-to-date to ensure you receive the right information when you need it most. Freestyle double electric breast pump with 2-Phase Expression ® Technology features a rechargeable battery and lightweight motor, providing a mobile pumping experience to keep up with your busy lifestyle. MyMedela App and Bluetooth Connection. The Sonata is Medela's first smart breast pump. It comes Bluetooth ready and connects to the MyMedela App. I purchased this to use as a back up/extra breast shield with my Medela PISA breast pump, both to have spare parts on hand but also to help reduce the frequency with which I would have to wash the pump parts.
