Social Theory of International Politics (Cambridge Studies in International Relations) [Alexander Wendt] on Amazon.com. *FREE* shipping on qualifying offers. Drawing on philosophy and social theory, Social Theory of International Politics develops a cultural theory of international politics that contrasts with the realist mainstream. Wendt ...Alexander Wendt (born 12 June 1958) is a German political scientist who is one of the core social constructivist researchers in the field of international relations. Neorealism or structural realism is a development of realism advanced by Kenneth Waltz in Theory of International Politics. It is, however, only one strand of neorealism. This is a small, but dense book, not one that's easy to digest, but one that's worth the slog. It was referred to me as an essential book on international politics; one that lays out the theory of how contemporary analysts view international relations.
