

Download The Cambridge Illustrated Glossary Of Botanical Terms

This beautifully illustrated glossary comprises over 2400 terms commonly used to describe vascular plants, cross referenced to clearly labelled line drawings. Grouped together in a section of over 120 large format pages, the illustrations also provide a unique compilation of information that can be referred to independently of the definitions. This beautifully illustrated glossary constitutes an extraordinary collection of the specialist terms used in many botanical works. The book is arranged in two sections: the glossary, which provides clear definitions for over 2400 of the most commonly used botanical and horticultural terms, and illustrations, which can be cross-referenced to ...

The Cambridge Illustrated Glossary of Botanical Terms | Michael Hickey, Clive King | ISBN: 9780521790802 | Kostenloser Versand für alle Bücher mit Versand und Verkauf durch Amazon. "This illustrated glossary will be welcomed by those who still enjoy the challenges of identifying and naming vascular plants. It is an excellent guide to botanical terminology and the diagrams are good examples of how illustrations could be produced by authors and by students.
