Castlevania Mirror of Fate was pretty fun gameplay-wise but I couldn't help but feel like the explanation for all of Alucard's magical vampire powers seemed a little like it was perhaps invented by a five year old and programmed into the story by their thirty year old brother. One of the minor advantages of Powerglide for really big engines — you could get it behind a 409 for a while — was that its lighter internals consumed less power than the Turbo Hydramatic; one estimate I saw suggested that it was something like half as much.
