This is a list of notable people who have, or had, the neurological condition synesthesia. Following that, there is a list of people who are often wrongly believed to have had synesthesia because they used it as a device in their art, poetry or music (referred to as pseudo-synesthetes). Autonomous sensory meridian response (ASMR) is an experience characterized by a static-like or tingling sensation on the skin that typically begins on the scalp and moves down the back of the neck and upper spine. ourneedtobead said...
